1. Attached are the [REDACTED] priorities for [REDACTED] [REDACTED] This list of priority stations is based on submissions by the divisions and has been coordinated with the Soviet Bloc Division and the CI Staff. To put the requirements in proper perspective there are a few points which should be clarified and a few definitions established.

[REDACTED]

3. Of course it would be desirable to do a [REDACTED] [REDACTED] based upon the availability of manpower, however, this is not feasible. [REDACTED] to be covered on a thorough basis [REDACTED] which you are able to inspect should be added to this schedule. Arrangements for this can be made directly with the division concerned. We have broken [REDACTED] down into those to be covered during the first half of the year and those to be covered during the second. This breakdown has been one made arbitrarily, based [REDACTED] Of course if you find it convenient to change the inspection date, feel free to do so.

4. The above comments are primarily designed to comply with the recommendations set forth in the [redacted] which were endorsed by both the DDP and the DDS. We would hope that you would be able to at least meet these requirements during the next calendar year.

25X1

5. The attached priority list includes both the FE area and the European area which are normally covered by regional teams. It is envisioned that these requirements will be forwarded by you to the regional teams in that area.

6. If there are any questions concerning these requirements, feel free to contact me.

[redacted]  
Chief, [redacted] DDP
